PHARMACY

Across Tier 2 and Tier 3 India, millions of families are living without the healthcare they deserve — no reliable diagnostics, no affordable pharmacy, no specialist within reach. A patient needing a basic blood test travels hour. A family seeking quality medicines pays prices they cannot afford. A community waiting for a specialist doctor simply goes without. The awareness is growing; the demand is loud and the infrastructure has not caught up yet. The market is wide open. The time is now.

Tier 2 & 3 — Target Markets

4-in-1 — Integrated Services

- **No Diagnostics:** Basic tests require hours of travel.
Patients delay critical care because access simply does not exist nearby.
- **No Pharmacy Access:** Quality medicines at fair prices remain out of reach for millions of families.
- **No Specialists:** Expert doctors simply do not exist locally. Cardiology, Neurology, ENT are unavailable where needed the most.
- **But Awareness Is Rising:** People want better healthcare.
They are informed, they are ready but the supply just hasn't caught up yet.

What You Own One Franchise.

One Franchise. Four Powerful Services.

- An integrated healthcare ecosystem with labs, pharmacy, specialists and teleconsultation. All under one roof in your community.
- **Healthcare Labs (Diagnostics):** Advanced diagnostics. Accurate results. Right in your community.
- **Medical Stores (Pharmacy):** Top pharma brands at 30–40% B2C discounts. Quality medicines. Every day.
- **Specialist Visits (Expert Care):** Cardiologists, Neurologists, Orthopaedicians, ENT & Gynaecologists on a monthly basis.
- **Teleconsultation (Digital):** Real doctors. From home. No travel needed. Available every day.

Your investment — Simple, Shared & Scalable

Healthcare Labs · ₹12 Lakhs

- Split: 50-50 with GPAC
- Equipment: ₹40–45L at 50% rental discount
- Space: 1,000 sq. ft minimum

Medical Stores · ₹20 Lakhs

- Split: 50-50 with GPAC
- Medicine Stock: ₹40L value · GPAC supported
- Space: 900–1,000 sq. ft

This Is Not a Vendor Deal

A Partnership Built on Shared Success.

GPAC doesn't just take your investment and hand you a manual. We invest our capital, extend our network, and share our expertise with your centre, staying alongside you every step of the way.

How the Revenue Works

	GPAC Contributes	You Take Home
Investment	50% of equipment & setup	50% infrastructure
Profit Share	30%	70%
Stock Investment	30% of consumables & inputs	70% of consumables & inputs

What GPAC Handles — So You Don't Have To

- **Equipment Support-** ₹40L worth of machines at 50% rental discount fully maintained by GPAC.
- **Marketing & Branding** - Full identity, signage and local marketing campaigns handled end to end.
- **Specialists Network** - Monthly visits from Cardiologists, Neurologists, Orthopedists, ENT, Gynaecology Specialists, etc.
- **Teleconsultation** - Patients connect with qualified doctors from home via GPAC's digital platform (virtual consultation)
- **Billing** - Professional billing and operations software installed and ready from day one.
- **Training** - Operations, regulatory compliance and ongoing business guidance from GPAC.

Is This You?

Ideal Franchisee Profile

Are You the Right Person to Own a Vaidya Sanjeevani?

- The right franchisee does not just see a return on investment. They see a healthier street, a stronger community and a business that matters.
- **Qualification:** B. Pharma certified with healthcare and Pharmaceutical sector understanding and regulatory compliance knowledge.
- **Space & Location:** 900–1,000 sq. ft commercial space in a high-visibility community location. 900–1,000 sq. ft
- **Financial Capacity:** With ₹12–20 Lakhs and GPAC's 50-50 partnership, your investment works harder than it ever would alone.

**You do not just open a healthcare centre.
You become the reason your community stays healthy.**
